OPPORTUNITY

In March 2007, CPP launched a revolutionary new product that combines the genuine Myers-Briggs Type Indicator® assessment and a gold standard interpretation online. For the first time people can learn about their personality and find out their four-letter type preferences at their own pace and at their convenience. For additional information about MBTI®Complete please visit www.cpp.com/mbticomplete1.

MBTI®Complete also created a new opportunity for our practitioners and online partners – to become an online affiliate for MBTI®Complete. By placing a link to www.cpp.com/mbticomplete1 on your site and helping people find out their personality preferences, our online affiliates can generate passive income for every sale of MBTI®Complete.

As a MBTI®Complete Online Affiliate you will earn \$10 for every person who purchases MBTI®Complete who originates from your site. Signing up is easy, placing the link on your site is fast, and we do all the tracking of referrals and pay-outs.
